Page 1 of 1

Recommended Uses

To remove curing compound, rubber burns, oil and grease on concrete floors. As a replacement for chlorinated solvent, xylene and other toxic clean-

ers.

PACKAGING

DESCRIPTION

FT215 D-Limonene Solvent Cleaner, is a biodegradable solvent occurring in nature as the main component of citrus peel oil that is blended with organic emulsifiers to create a non-petroleum product with a pleasant citrus odor. D-Limonene's interesting chemical properties, pleasant citrus aroma, & FDA-GRAS rating ("generally recognized as safe") have earned the product phenomenal acceptance in many diverse chemical applications. D-Limonene can be used in its pure form, blended with most other solvents & drying oils, or easily emulsified to make water soluble cleaning products.

ADVANTAGES

- Removes most curing membranes
- Excellent Degreaser
- Doesn't produce hazardous fume
- Water miscible
- Won't leave residue
